

IN THE SPECIFICATION:

Page 1, line 4, cancel Serial Number "07/306,831" and substitute therefor --07/368,831--.

Page 1, after line 9, in the second line of an amendment filed February 22, 1993, after "is" add --also--.

Page 26, line 12, change the period (.) to a comma (,) and insert --and displayed by display 422--.

Cancel the text of the Abstract and substitute therefor:

*FI* --A time domain communications system wherein a broadband of time-spaced signals derived from stepped-in-amplitude signals are transmitted by a wideband radiator, such signals then being coherently detected and integrated, wherein they may be better discriminated from ambient, normally interfering, signals.--

REMARKS

By this amendment, a serial number on page 1 is corrected, and it is made clear that there is a second lineage of dependency (thus, the addition of "also") following the corrected application serial number. We find that the reference to prior applications was amended in our letter mailed on February 16, 1993, amending both page 1, line 4, and page 1, line 9, and the corrections have been made to these amendments. We did not find that we filed an amendment that could have been received in the PTO on May 17, 1993, or any other amendment of the cross reference.

In reviewing the drawings, it was noted that there was no reference in the specification to display 422, and thus reference
